
Welcome to...

Budget Funds Management

Welcome and Introductions

Course Prerequisites

✓ Change Discussions

✓ RWD SAP 4.6C

Course Objectives

- At the end of this course, individuals should be able to use SAP to:
 - Record and maintain Agency Appropriation
 - Record and maintain Agency Apportionments
 - Record the maintain Agency Allotments
 - Record and maintain Budget Authority at various Agency and Center levels

Benefits of Budget Funds Management

■ SAP provides an automated means to:

- Record budget authority
- Distribute and maintain budget authority

Course Schedule

<u>Agenda Item</u>	<u>Time (hr)</u>
1. Introduction and Background Knowledge	00:15
2. Topic 1: Overview of Funds Control Ground Rules and Policies	00:30
3. Topic 2: System Functionality and Processes	02:00
3. Topic 3: Agency Level Funds Management	01:00
4. Topic 4: Enterprise Level Funds Management	00:15
5. Topic 5: Center Level Funds Management	01:45
6. End of Course Review/Feedback	00:15
Total Course Time	06:00 hrs

Course Structure

- Process Flows
 - Overview of key business processes and related SAP concepts
- Demonstrations
 - Trainer-led examples of key SAP transactions
- Exercises
 - Real-life business tasks using Core Financial business procedures
- Training Course Feedback
 - Assessment of course effectiveness using the End-User Evaluation Form

On-Line Quick Reference

- Purpose of the On-Line Quick Reference (OLQR) tool:
 - Provide procedures, job aids, and Help content via the Intranet during and after Instructor-Led Training (ILT) and Web-Based Training (WBT)
 - Assist with completion of transactions in the SAP system

Prepare Your Workspace

■ Take a few minutes to prepare your training workspace:

- Review the reference materials, become familiar with the content
- Review Logon to SAP R/3

Background Knowledge

Background Knowledge

- Key definitions:
 - **Budget Sub-type - FM:** Element within SAP that, when combined with other FCS elements defines Funds Control; provides SGL account mapping when recording such activity as appropriations, apportionments, allotments, authorities, and cost pools transfers.
 - **Commitment Item - FM:** Element within SAP that identifies the NASA Object Classes. For the purpose of budget transfers, commitment items representing All Objects, All Others, Labor, and Travel will be used.
 - **Derivation Rule - FM:** Functionality within SAP that provides the linking of specific FCS elements together in order to perform funds checking and control (i.e. fund center linked to functional area).

Background Knowledge

- Key definitions:
 - **Document Type - FM:** Element within SAP that when consolidated with budget subtype links specific Standard General Ledger (SGL) accounts.
 - **Functional Area - FM:** Element within SAP that represents Congressional Operating Plan Line Item numbers.
 - **Functional Area Group - FM:** Element within SAP that represents one of the five NASA Enterprises, or a Non-Enterprise office summary grouping.
 - **Fund - FM:** Element within SAP that identifies the following four FCS elements: appropriation, fund source, program year, and fund type.

Background Knowledge

- Key definitions:
 - **Fund Center - FM:** Element within SAP, when combined with other FCS elements, will be used to distribute budget. Replicates current Agency-Wide Coding Structure (AWCS) structure through the 506A/506A-R level and lower level Center unique structures.
 - **Fund Center Classification - FM:** Element within SAP that represents the following 9 FCS elements: Lead Center, Program, Program Area, Program Office, Cognizant Office Owner, Cognizant Office Spender, Sub authorization Received, Secondary Lead Center and Budget Line Item. Fund Center Classifications are assigned to the Fund Center master record.
 - **Funds Management - FM:** SAP module providing funds control and distribution functionality.

Background Knowledge

- Key definitions:

- **Receiver Fund - FM:** Element within SAP that identifies the receiving fund.
- **Sender Fund - FM:** Element within SAP that identifies the sending fund.
- **Transfer - FM:** Activity within SAP that distributes funding.
- **Business Area - FI:** Element within SAP that identifies NASA Centers.

Background Knowledge

Differences between SAP and the previous system:

Old System:

- Agency-Wide Coding Structure
- Several accounting systems used throughout the Agency
- Paper process used to perform funds distribution

SAP System:

- New Financial Classification Structure (FCS) and terminology
- One integrated system used Agency-wide
- Automated process used to perform budget distribution

Topic 1

Overview of Funds Control Ground Rules and Policies

Topic Overview

- Overview of Funds Control Ground Rules and Policies
- Funds Control Guidelines
 - Design of funding distribution process is based on a single funds control concept
 - The NASA budget structure will be defined during the Budget Formulation process
 - For a new operating year, appropriate structures will be updated in Core Financial in accordance with approved Operating Plan
 - Where applicable, the direct funding levels from Enterprise to a Performing Center in support of Lead Center activity will continue

Topic 1: Objectives

- Upon completion of Overview of Funds Control Ground Rules and Policies, end-users should understand the following concepts:
 - Agency decisions on fund control processes
 - Agency guidelines for fund control processes

Funding Guideline

■ Funding Guideline:

- When distributing funds against the Fund Center table codes, the following rule will be used:

“For each UPN (3-digit) in the Agency-wide Coding Structure (AWCS), authority can only be issued against one Fund / Level 3 or Level 4 Fund Center / beginning and end date combination”

- Agency policy will be: a funding AWCS level cannot change mid-year. If it is requested that a funding level be raised or lowered, the change will be made at the start of the new operating year

Example: Funding guideline

■ Funding Guideline: continue

- Cannot issue funding to:

<u>Begin</u>	<u>End</u>	<u>Fund</u>	<u>Fund Center</u>
10/01/01	9/30/03	HSF542002D	62-376

AND

<u>Begin</u>	<u>End</u>	<u>Fund</u>	<u>Fund Center</u>
10/01/01	9/30/03	HSF542002D	62-376-10

Cannot issue to the same Fund with same UPN and same effective dates

- Can issue funding to:

<u>Begin</u>	<u>End</u>	<u>Fund</u>	<u>Fund Center</u>
10/01/01	9/30/02	HSF542002D	62-376

AND

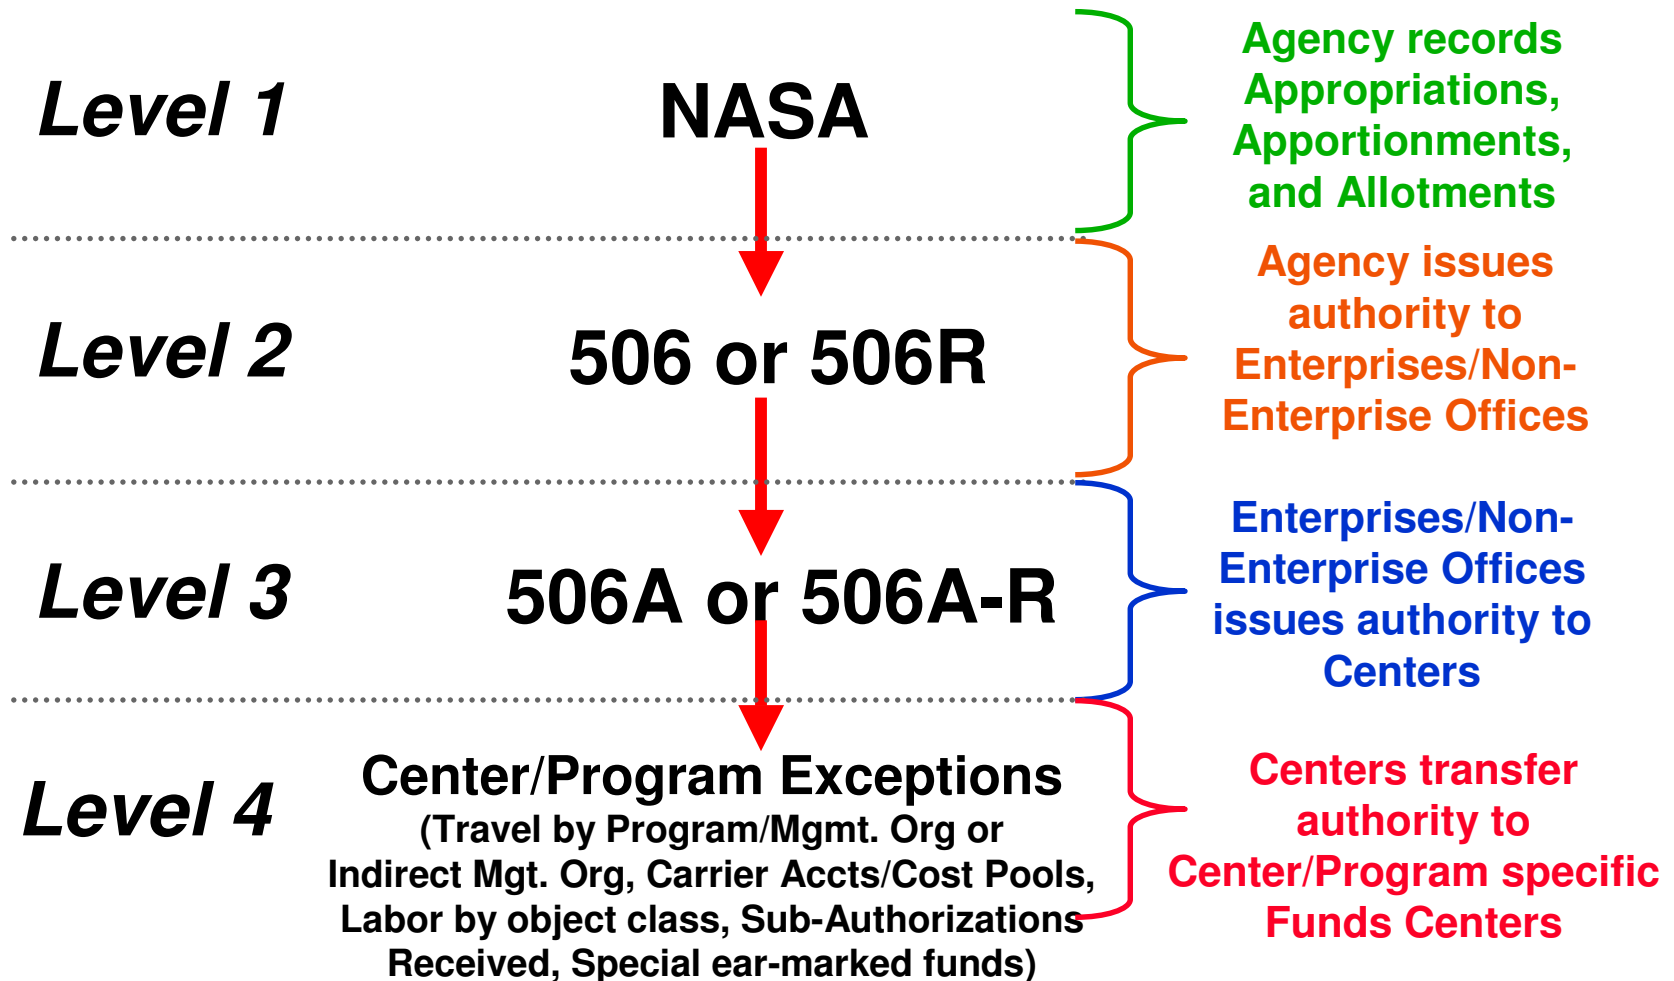

<u>Begin</u>	<u>End</u>	<u>Fund</u>	<u>Fund Center</u>
10/01/02	9/30/03	HSF542002D	62-376-10

Can issue to a same Fund, same UPN, different effective dates

Fund Center Structure

Agency Flow of Funding

Labor and Travel

- Labor and Travel will be issued by Fund Center and Fund to the Enterprise level of Fund Center structure
 - Example of Fund Centers: 001 and 011 (OSF); 004 and 014 (Corporate Reimbursable)
- Enterprise/IPO will issue funding to Centers by Fund Center and Fund Sources

<u>Begin</u> 10/01/01	<u>End</u> <i>open</i>	<u>Fund</u> HSF412002D or R SAT412002D or R	<u>Level 3</u> <u>Fund Center</u> 62-PRC	<u>Level 4</u> <u>Fund Center</u> (By Commit Item) i.e.; 62-Labor, 62-Training, 62-OtherLabor
<u>Begin</u> 10/01/01	<u>End</u> <i>open</i>	<u>Fund</u> HSF422002D or R SAT422002D or R	<u>Level 3</u> <u>Fund Center</u> 62-Travel	<u>Level 4</u> <u>Fund Center</u> (By Program Organization If applicable) i.e., 62-MPTravel

Interim Funds Control Process Paper vs. Electronic

- No paper NF506A/506A-R will be issued to a Center that has implemented SAP
 - Funds distribution will be electronic only
- Continue issuance of paper NF 504 and NF 506A/506A-R to Centers that have not implemented SAP
 - Allotment and Authority must be authorized through the existing process
- For the re-distribution of funding in support of sub-authorization authority transfers, Centers that have implemented SAP will create an NF 506A and forward to Headquarters. At that time, Headquarters will perform the transfer transactions in SAP.

Topic 1 Debrief

- Overview of Funds Control Ground Rules and Policies
 - Funds Control Guidelines and Assumptions
 - Agency Flow of Funding

Topic 2

System Functionality and Processes

Topic Overview

- System Functionality and Processes
 - Funds distribution system functionality
 - Funds distribution processes

Topic 2: Objectives

- Upon completion of System Functionality and Processes, end-users should understand the following concepts:
 - System functionality in Funds Management module
 - Processes in Funds Management module

SAP System Controls of the Funding Process

- Verification of funding availability is based on the amount of authority residing at the intersection of required data elements
- As distributions of authority are performed down the Fund Center Structure, funding becomes available for commitment
- SAP limits the distribution of authority
 - Authority distributions cannot be greater than the amount of authority residing at the superior Fund Center
- When citing required accounting elements on a transaction, SAP limits amount of commitment to only the amount of authority distributed to that combination

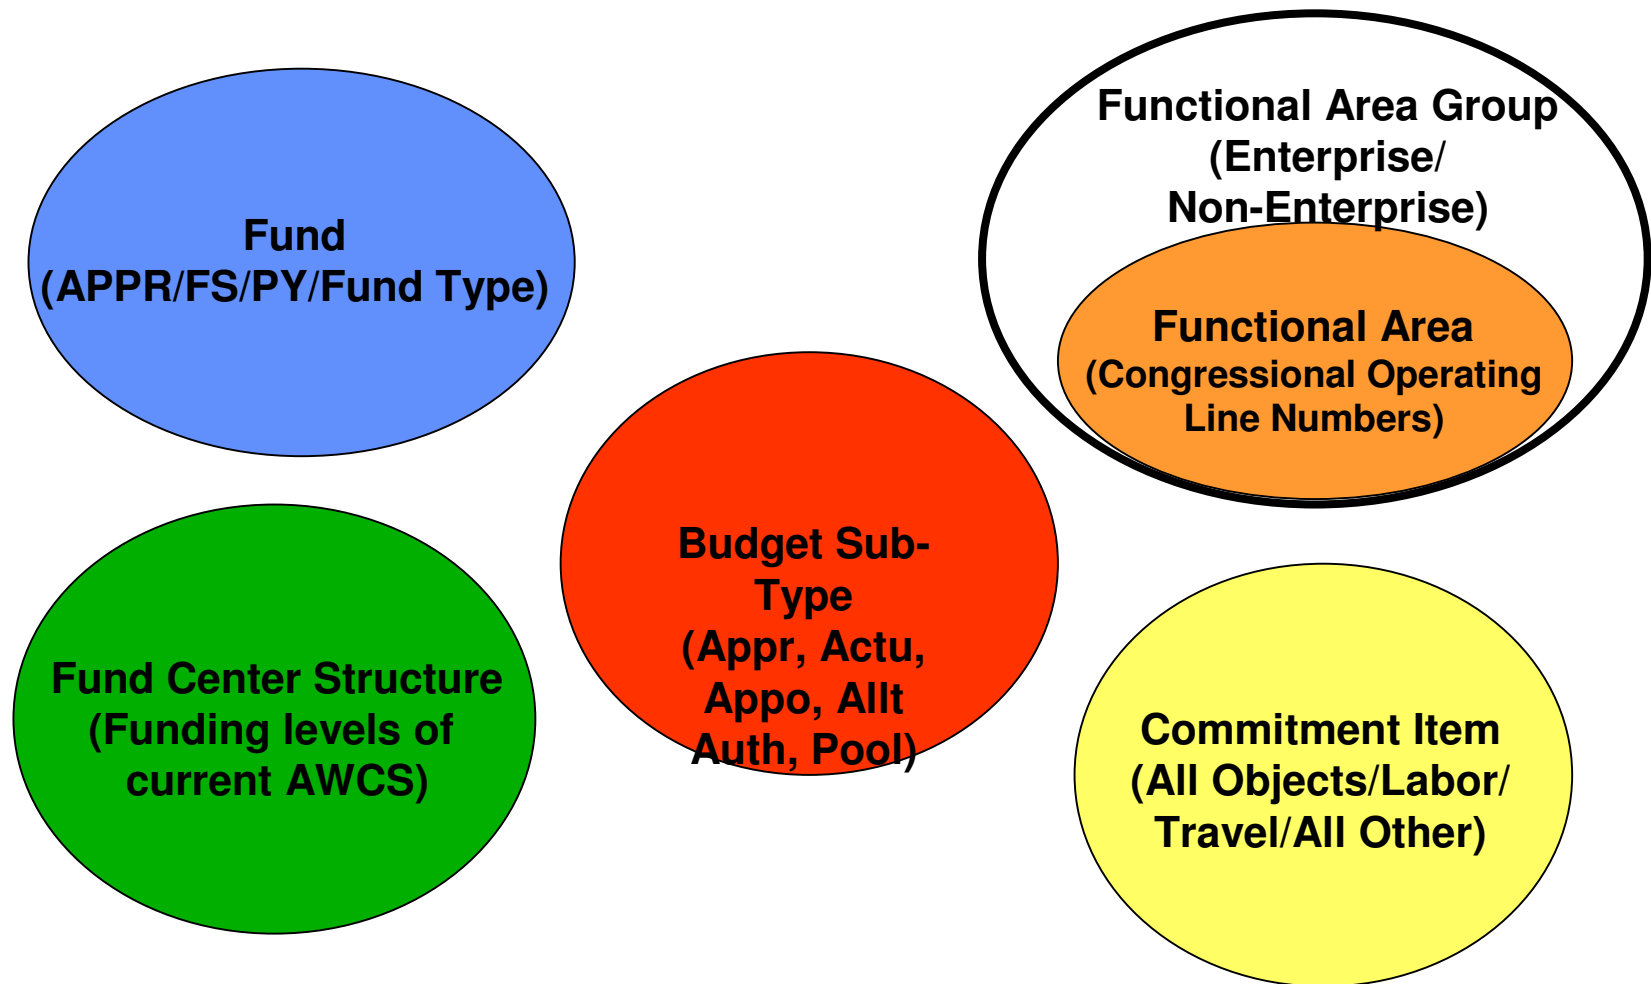

Funding Process and the Standard General Ledger (SGL)

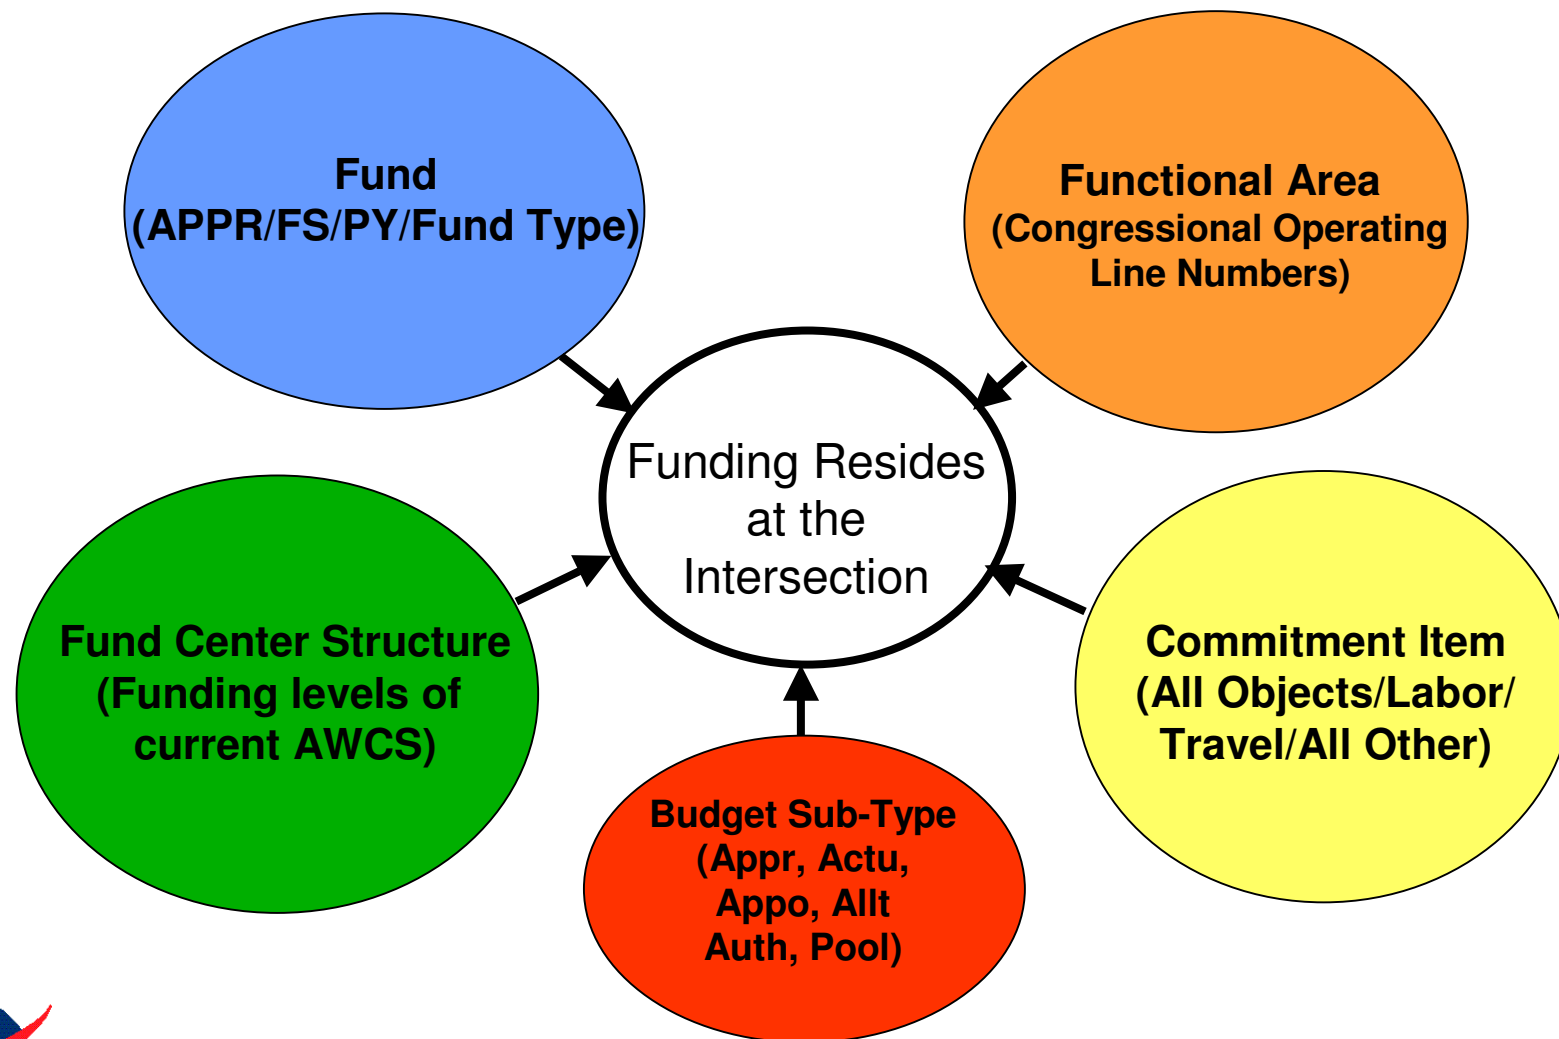

- The Funds Management (FM) module is fully integrated to the Financial Accounting (FI) module
- All funding transactions performed in the FM module are linked to the FI module SGL accounts through the use of Budget Sub-types
 - Must be cited on each authority distribution transaction
 - Must be configured to post appropriate SGL accounts within the FI module
 - Is a required data element for funds verification of Appropriation, Apportionment, and Allotment only
- Budget Sub-types to be used in the resource authority distribution process:
 - Appr - Appropriation
 - Actu – Agency use
 - Appo - Apportionment
 - Allt - Allotment
 - Auth – Authority
 - Pool – Cost Pool

Funds Management (FM) Structures

Fund Control Link

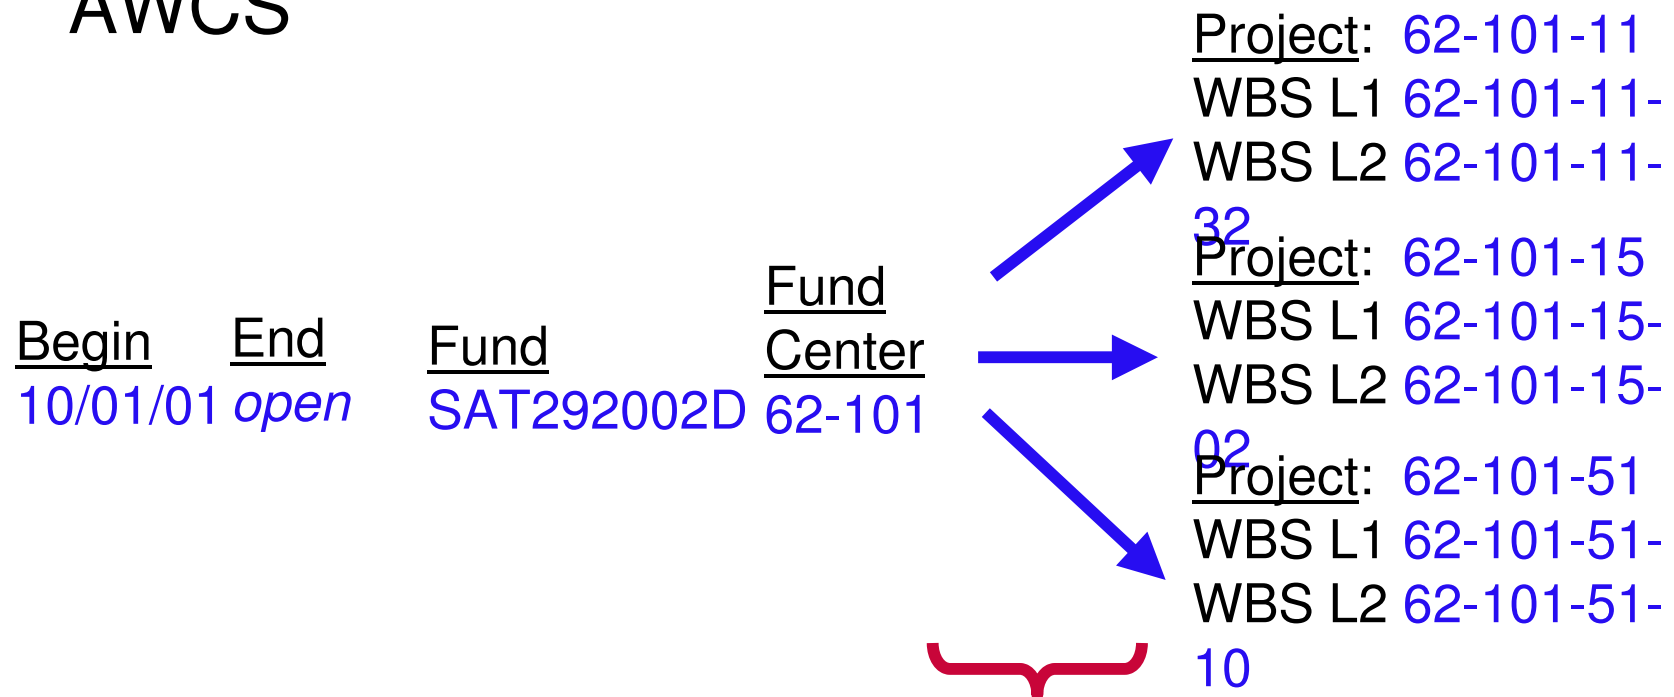

■ Derivation rules link structural elements together in order to allow specific events to occur

- For funds control, the Functional Areas (Congressional Operating Line number) are linked to the Fund Centers (UPN/FPN)
 - ↓ This link is established in order to derive the Congressional Operating Plan Line Item number from the Fund Center when posting a commitment or obligation transaction
- FM derivation rules establish links between Project WBSs to appropriate Level 3 or Level 4 Fund Centers
- FM derivation rules establish links between Cost Centers to appropriate Level 4 Fund Center
- Derivation rules have been configured for other accounting transactions

Funded UPN (3-digit/5-digit) Project Structure

- Funding that is currently issued to a UPN (3-digit) will have a Project equal to each 5-digit AWCS

Derivation Rules link multiple WBSs to one Fund Center / Fund / Begin and End Date combination

UPN/SYS (5-digit) Project Structure

- Funding that is currently issued to an AWCS at the UPN/SYS level (5-digit) will have one Project

<u>Begin</u>	<u>End</u>	<u>Fund</u>	<u>Fund Center</u>
10/01/01	9/30/02	HSF542002D	62-376

And

<u>Begin</u>	<u>End</u>	<u>Fund</u>	<u>Fund Center</u>
10/01/02	<i>open</i>	HSF542002D	62-376-10

Project: 62-376-10
WBS L1 62-376-10-
WBS L2 62-376-10-10

**Derivation Rules link the WBS to different
Fund Center / Fund / Begin and End Date
combinations**

UPN's with No Lower AWCS

- UPNs that do not have a lower AWCS will have a corresponding Project at the 3-digit AWCS, Level 1 WBS for summary rollup, and Level 2 WBS for posting

<u>Begin</u>	<u>End</u>	<u>Fund</u>	<u>Fund Center</u>	<u>Project:</u>
10/01/01	<i>open</i>	SAT292002D	62-166	62-166
				WBS L1 62-166-
				WBS L2 62-166-00

A blue arrow points from the 'Fund Center' value '62-166' to the 'WBS L1' value '62-166-'. A red bracket is positioned below the 'Fund Center' and 'WBS L1' values.

Derivation Rules link the WBS to different Fund Center / Fund / Begin and End Date combinations

Institutional CoF Projects

- FPNs are funding by Fund Source and a summary level FPN. The actual cost must be collected at the appropriate CoF Project number. Therefore, the Project in SAP will be established representing the Fund Source, with the CoF Project FPNs as the WBSs

<u>Begin</u>	<u>End</u>	<u>Fund</u>	<u>Fund Center</u>	<u>Project:</u>
10/01/01	open	HSF372002D	62-6062	62-37
				WBS L1 62-37-
				WBS L2 62-37-4808
				WBS L2 62-37-4809
				WBS L3 62-37-4809-41

Derivation Rules link the WBS to different Fund Center / Fund / Begin and End Date combinations

Budget Processes

Programmatic

Programmatic

- **Funds Center Structure (funds control level):**

- The Funds Center structure will be configured with Fund Centers (current AWCS codes) that are necessary for 506, Level 2 - Agency to Enterprise/Non-Enterprise, and the 506A, Level 3 - Enterprise to Centers and Enterprise Offices
- Exceptions for Earmark funding or Sub-Authorizations Received may be issued to a Level 4 Fund Center as approved by Agency

- **Project Structure (cost collection level):**

- WBS will be configured to represent the current AWCS structure
- For special requirements, an optional level WBS will be used to collect cost, one level below the AWCS reporting level in which specific planning is required (this level must be Agency approved)
- Networks/Activities will be used to collect cost at a Center or Project specific detailed level below the AWCS reporting level or Optional WBS level

Programmatic

Labor

Labor

- **Fund Center Structure (funds control level):**

- The Funds Center structure will be configured with Fund Centers (current AWCS codes) that are necessary for 506, Level 2 - Agency to Enterprise/Non-Enterprise, and the 506A, Level 3 - Enterprise to Centers and Enterprise Offices
- Center Funds Control Office will transfer appropriate funding from PRC Level 3 Fund Center to Level 4 Funds Centers which represent Object Classes
 - 62-Labor
 - 62-Training
 - 62-OtherLabor

- **Project Structure (cost collection level):**

- Specific WBS/Network (Direct/Indirect Projects) or Reimbursable Order (fund reservation line items) will be cited through the Labor interface crosswalk
- Indirect Labor projects will be necessary for indirect labor cost collection
- FM Derivation rules establish links between Project WBS's to the Level 4 Fund Centers for P&RC cost
 - This functionality eliminates the necessity of distributing Labor funds by Projects (interim Full Cost)

Labor - Fund Source 41

Funding Distribution Example

Fund Center:
62-376-80

WBS:
62-376-80-10-10

Cost Center:
62-AD31IT

Cost Center:
62-AD31IT

Fund Center:
62-PRSM

Cost Center is linked to Fund Center

Cost moved from Cost Pool CC to WBS

Budget moved from Cost Pool FC to Project FC during allocation

Budget Processes

Sub-Authorization

Sub-Authorizations

■ Fund Center Structure (funds control level):

- Minimal process to be used during Agency rollout of Core Financial
- Funding will be withdrawn from the Authorizing Center and re-distributed to the Performing Center
- Sub-Authorizations will be identified in SAP by a Level 4 Fund Center under the receiving Center's hierarchy. Example: 6276-376-80 (62 represents Performing Center, 76 represents Authorizing Center)
- The system will only capture Sub-Authorizations Received, not issued
- As other Centers implement, the Agency could perform Center-to-Center transfers, as opposed to Center-to-Headquarter withdrawals, and then Headquarters-to-Center distributions

■ Project Structure (cost collection level):

- Level 4 Fund Center representing Sub-Authorizations will have a corresponding Project/WBS structure. A WBS will represent a Sub-Authorization agreement

Funds Distributions

Sub-Authorizations during Implementation

Roll-Out of All Centers

Levels of Fund Center Structure Table	Description	Fund Center
Level 1: Agency Appropriation	Recording of Agency Appropriation	NASA
Level 1: Agency Apportionment	Recording of Agency Apportionment	NASA
Level 1: Agency Allotment	Recording of Agency Allotment	NASA
Level 2: Programmatic funding	506 or 506R funding level 3-digit	376 Space Shuttle Flight Hardware
Level 3: Programmatic funding to AIN	506A or 506R-A funding level 3, 5, or 7-digit UPN or 4-digit FPN	62-376-80 Flight Hardware Upgrades
Level 4: IFA received by Performing Center	Authority transferred to IFA Fund Center	6276-376-80 Receiving Center is 62 – MSFC Issuing Center is 76 - KSC

Center that has not implemented SAP
KSC

Funding issued by MSFC will be removed from SAP and reissued manually to KSC

Funding received by MSFC will be manually removed from KSC and then reissued to MSFC in the SAP system

Budget Processes

Reimbursable

Reimbursable Agreement / Order

■ Fund Center Structure (funds control level):

- The Funds Center structure will be configured with Fund Centers (current AWCS codes) that are necessary for 506, Level 2 - Agency to Enterprise, and the 506A, Level 3 - Enterprise to Centers and Enterprise Offices
- Level 3 funding distribution will represent blanket reimbursable authority at the Center level
- When Center receives a Reimbursable Agreement/Order, two events could take place:
 - ↓ Establishment of a Funds Reservation document for the direct and overhead portion of an Order
 - ↓ Transfer appropriate funding from Level 3 Fund Center to Level 4 Carrier Accounts/Cost Pools Fund Centers as needed

■ Project Structure (cost collection level):

- WBS will be configured to represent the current AWCS structure
- Below the AWCS reporting level, a WBS will be established for each fund (Appropriation, Fund Source, Program Year) by Order
- Networks will be used to collect cost at a Center or Project specific detailed level below the Reimbursable Order WBS levels

Topic 2 Debrief

- Upon completion of this topic, individuals should understand the following:
 - System functionality in Funds Management module
 - Processes in Funds Management module in support of Budget Authority distribution

Topic 3

Agency Level Funds Management

Topic Overview

- Agency Level Funds Management
 - Funds distribution procedures
 - Funds distribution functions
- Process Flows
 - Record and Maintain Appropriated Budget Authority
 - Record Changes to Appropriated Budget Authority
 - Record and Maintain Non-Appropriated Budget Authority

Topic Overview (continued)

- Record and Maintain Appropriated Budget Authority
 - Appropriations, Apportionments, and Allotments
 - ↓ Entered at the Agency Fund Center level using the appropriate Fund, Fund Source, Program Year, Fund Type, Functional Area, Commitment Item, and Budget Type
 - ↓ The amount in the receiver Fund Center must either be equal to, or less than the amount in the sender Fund Center
 - ↓ The sender and receiver Funds are different during the Allotment transaction due to the allocation of budget authority to to the final Fund Source

Topic Overview (continued)

- Record Changes to Appropriated Budget Authority
 - Rescissions represent a reduction to internal distribution of budget authority
 - ↓ Rescissions to budget authority begin at the lowest level Fund Center where authority was distributed
 - Supplements represent OMB directed additions to budget authority
 - Supplements to budget authority begin at the Agency level, and are entered as an Appropriation for direct authority into SAP

Topic Overview (continued)

- Record and Maintain Non-Appropriated Budget Authority
 - Allows obligation of Non-Appropriated budget authority
 - Non-Appropriated funds consist of donations from private donors, estates, etc.
 - Entered in SAP using:
 - ↓ Agency Level Fund Center
 - ↓ Relevant Non-Appropriated Fund
 - ↓ Program Year
 - ↓ Functional Area
 - ↓ Budget Sub-type

Topic 3: Objectives

- Upon completion of Agency Level Funds Management, end-users should understand the following concepts:

- Funds distribution procedures

- ↓ Appropriation, Apportionment, Allotment

- ↓ Processing of Budget Rescissions

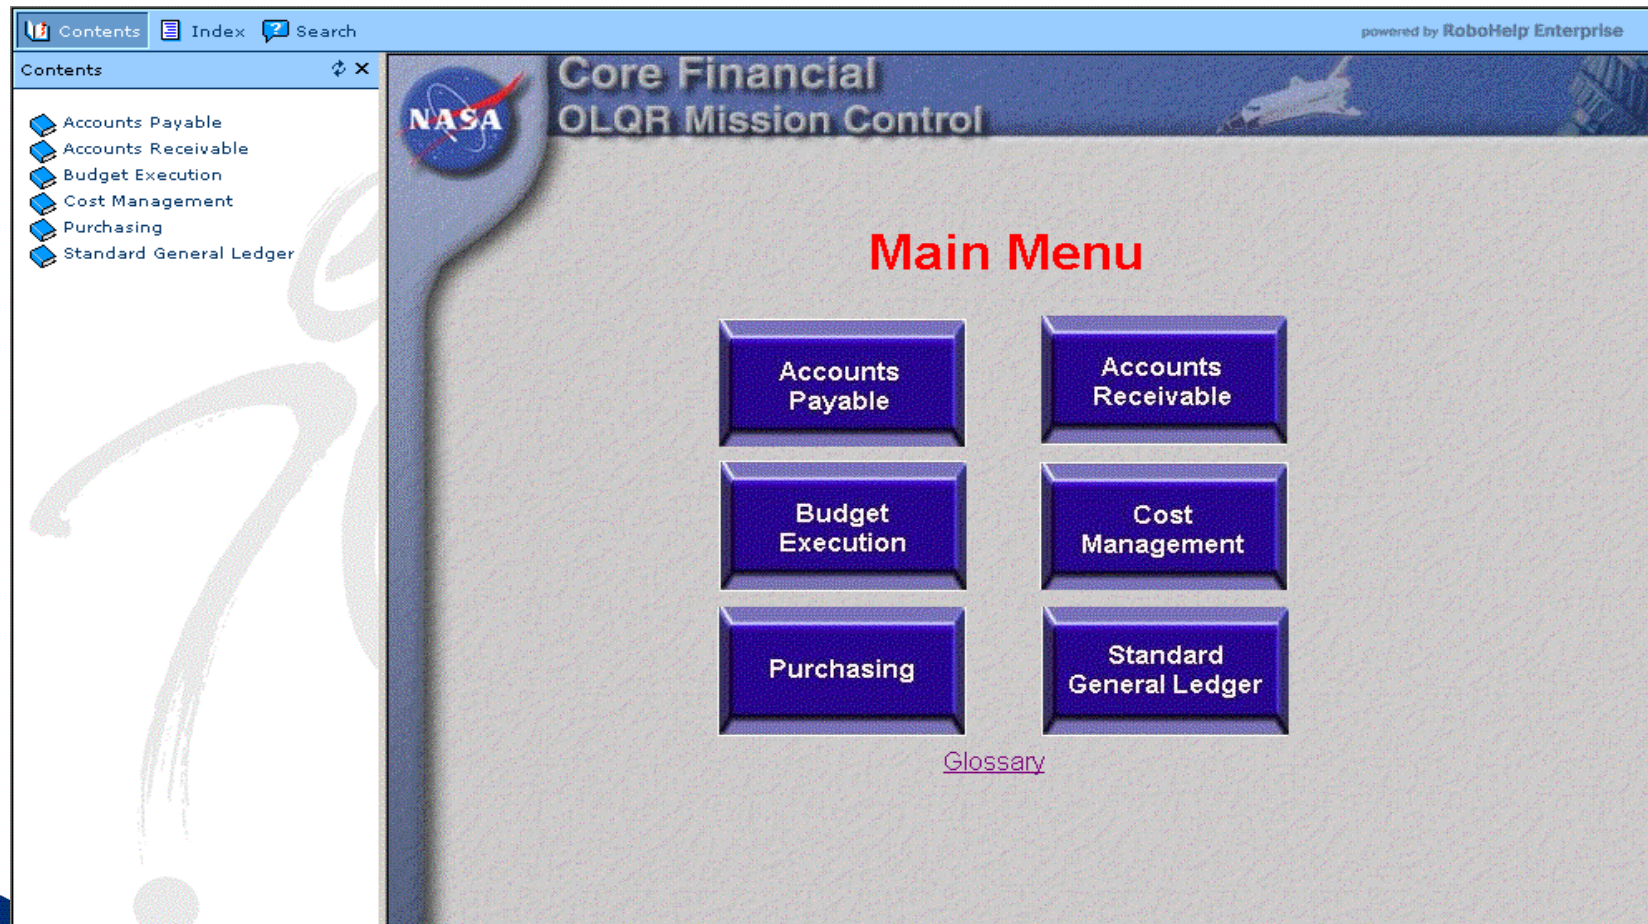

- ↓ Processing of Budget Supplements

- ↓ Non-Appropriated Authority

Topic Process Flow

Agency Level Funds Management

Demonstrations and Exercises Introduction

Demonstrations and Exercises

- **Display Sending Fund Center/Direct Fund Authority Balance**
- **Record Agency Appropriation**
- **Record Agency Apportionment**
- **Record Direct Allotment**
- **Record Direct Program/Non-Programmatic Authority**
- **Display Direct Allotment Available Budget**
- **Record Rescission to Agency Allotment**
- **Record Rescission to Agency Apportionment**
- **Record Rescission to Agency Appropriation**

Demonstrations and Exercise Continued

-
- **Record Supplement to Agency Appropriation**
 - **Record Supplement to Agency Apportionment**
 - **Record Supplement to Agency Allotment**
 - **Display Sending Fund Center/Fund Non-Appropriated Authority Balance**
 - **Record Non-Appropriated Authority**

Topic 3 Debrief

- The Budget Maintainer transfers Authority at the Agency level
 - Records Appropriation, Apportionments, Allotments, and Level 2 Fund Centers
 - Records Rescissions to the Agency Budget
 - Records Supplements to the Agency Budget

Topic 4

Enterprise Level Funds Management

Topic Overview

- Enterprise Level Funds Management
 - Funds distribution procedures
 - Funds distribution functions
- Process Flows
 - Record and Maintain Appropriated Budget Authority
 - Record and Maintain Non-Appropriated Budget Authority

Topic Overview (continued)

- Record and Maintain Appropriated Budget Authority
 - Represents Agency internal distribution of new obligating authority to Agency-level cognizant offices
 - Transactions based on Agency Operating Plans
 - Authority entered using:
 - ↓ Fund
 - ↓ Fund Source
 - ↓ Program Year
 - ↓ Fund Type
 - ↓ Level 2 UPN/FPN Fund Center
 - ↓ Functional Area
 - ↓ Commitment Item
 - ↓ Budget Sub-type

Topic Overview (continued)

- Record and Maintain Non-Appropriated Budget Authority
 - Represents Agency internal distribution and confirmation of new obligating authority
 - Distribution based on Congressional Operating Plan
 - Authority entered using:
 - ↓ Fund for Non-Appropriated Budget Authority
 - ↓ Program Year
 - ↓ Program/Non-Programmatic Level 2 Fund Center
 - ↓ Functional Area
 - ↓ Budget Sub-type

Topic 4: Objectives

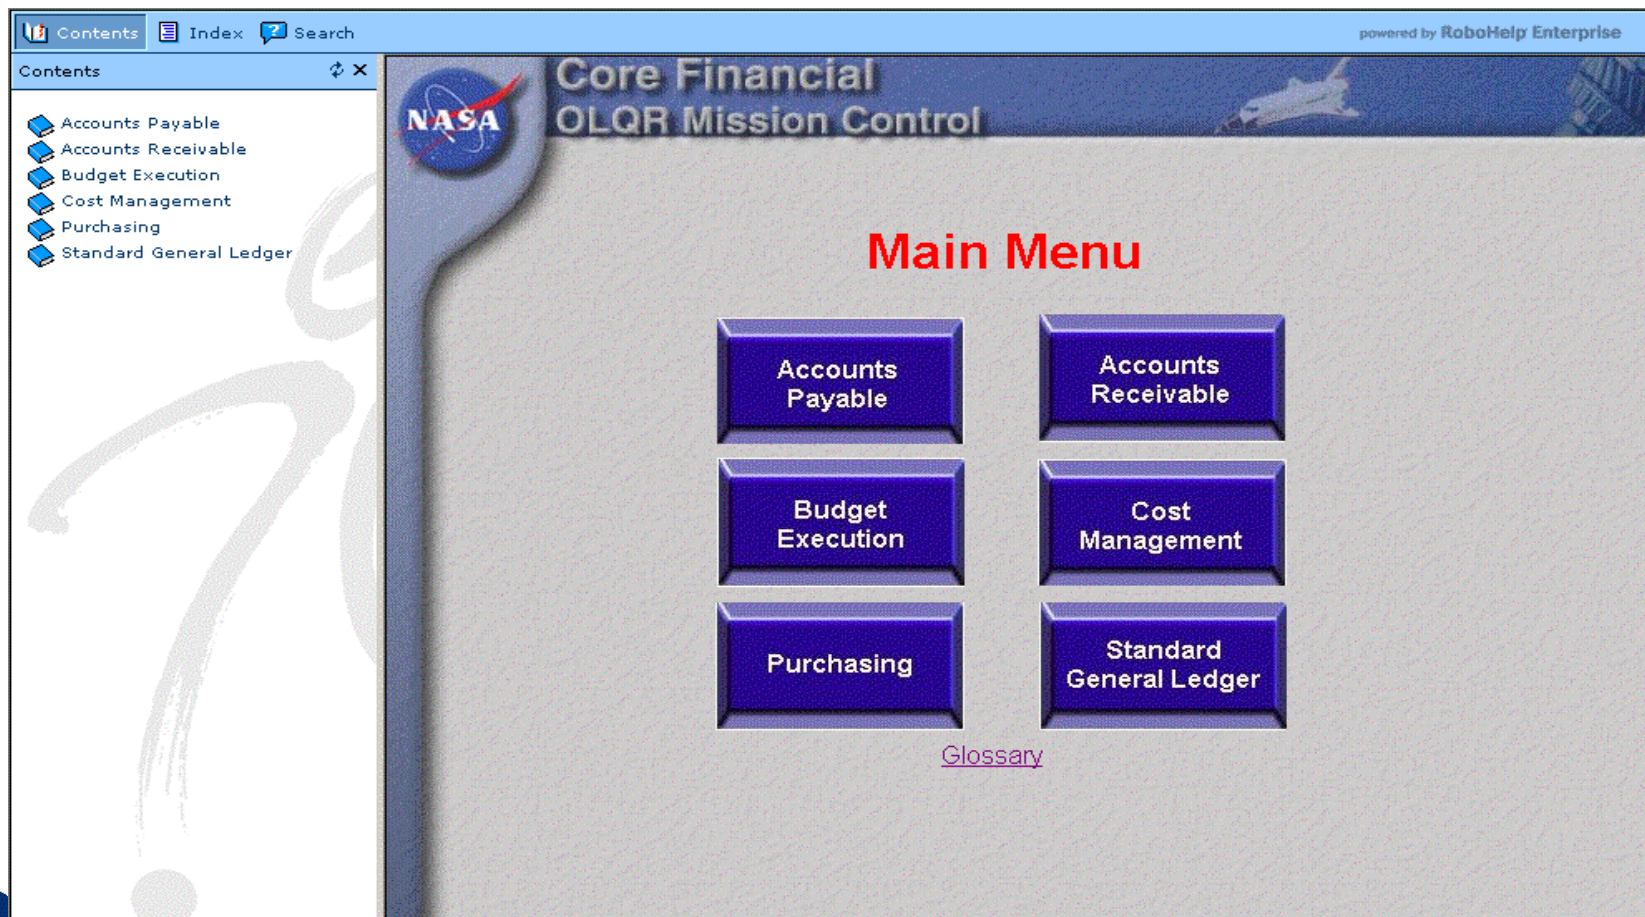

- Upon completion of Enterprise Level Funds Management, end-users should understand the following concepts:
 - Funds distribution procedures
 - Authority transfers

Topic Process Flow

Enterprise Level Funds Management

Demonstrations and Exercises Introduction

Demonstrations and Exercises

- Record Direct Center Authority
- Compare Receiving Fund Center Direct Authority and Current Direct Operating Plan
- Record Non-Appropriated Center Authority

Topic 4 Debrief

- The Budget Maintainer transfers Authority at the Enterprise Level
 - Records Direct Authority
 - Records Non-Appropriated Authority

Topic 5

Center Level Funds Management

Topic Overview

- Center Level Funds Management
 - Funds distribution procedures
 - Funds distribution functionality
- Process Flows
 - Record and Maintain Appropriated Budget Authority
 - Record and Maintain Non-Appropriated Budget Authority
 - Establish and Maintain Cost Pool Budget Authority

Topic Overview (continued)

- Record and Maintain Appropriated Budget Authority
 - Direct level 3 budget authority transfers to the Agency level represent internal distribution of new obligating authority to Agency-level cognizant offices
 - ↓ Based on Center cognizant office operating plans
 - Distribution of direct level 4 budget authority must meet very stringent requirements to justify the need for funds control at a lower level than the issuance of funds
 - ↓ Example: Funds control of travel funds by Center organization
 - ↓ Based on Center and cognizant office plans

Topic Overview (continued)

- Record and Maintain Non-Appropriated Budget Authority
 - Level 3 Center and Level 4 Center authority
 - Represent Agency internal distribution of new obligating authority to projects at Centers and geographical sites
 - Based on Center and Cognizant office plans
 - Distribution to Level 4 Center minimized

Topic Overview (continued)

- Establish and Maintain Cost Pool Budget Authority
 - Authority is first distributed within the level 3 Fund Center before it is transferred to the appropriate level 4 Fund Center
 - ↓ Level 3 commitment item representing the carrier account or cost pool
 - ↓ Functional area is transferred from COP programmatic/non-programmatic UPN/FPN to Unassigned COP
 - ↓ Commitment item is transferred from item where funds were received to that of carrier account or cost pool

Topic 5: Objectives

- Upon completion of Center Level Funds Management, end-users should understand the following concepts:

- Funds distribution procedures

- ↓ Cost Pool/Carrier Account

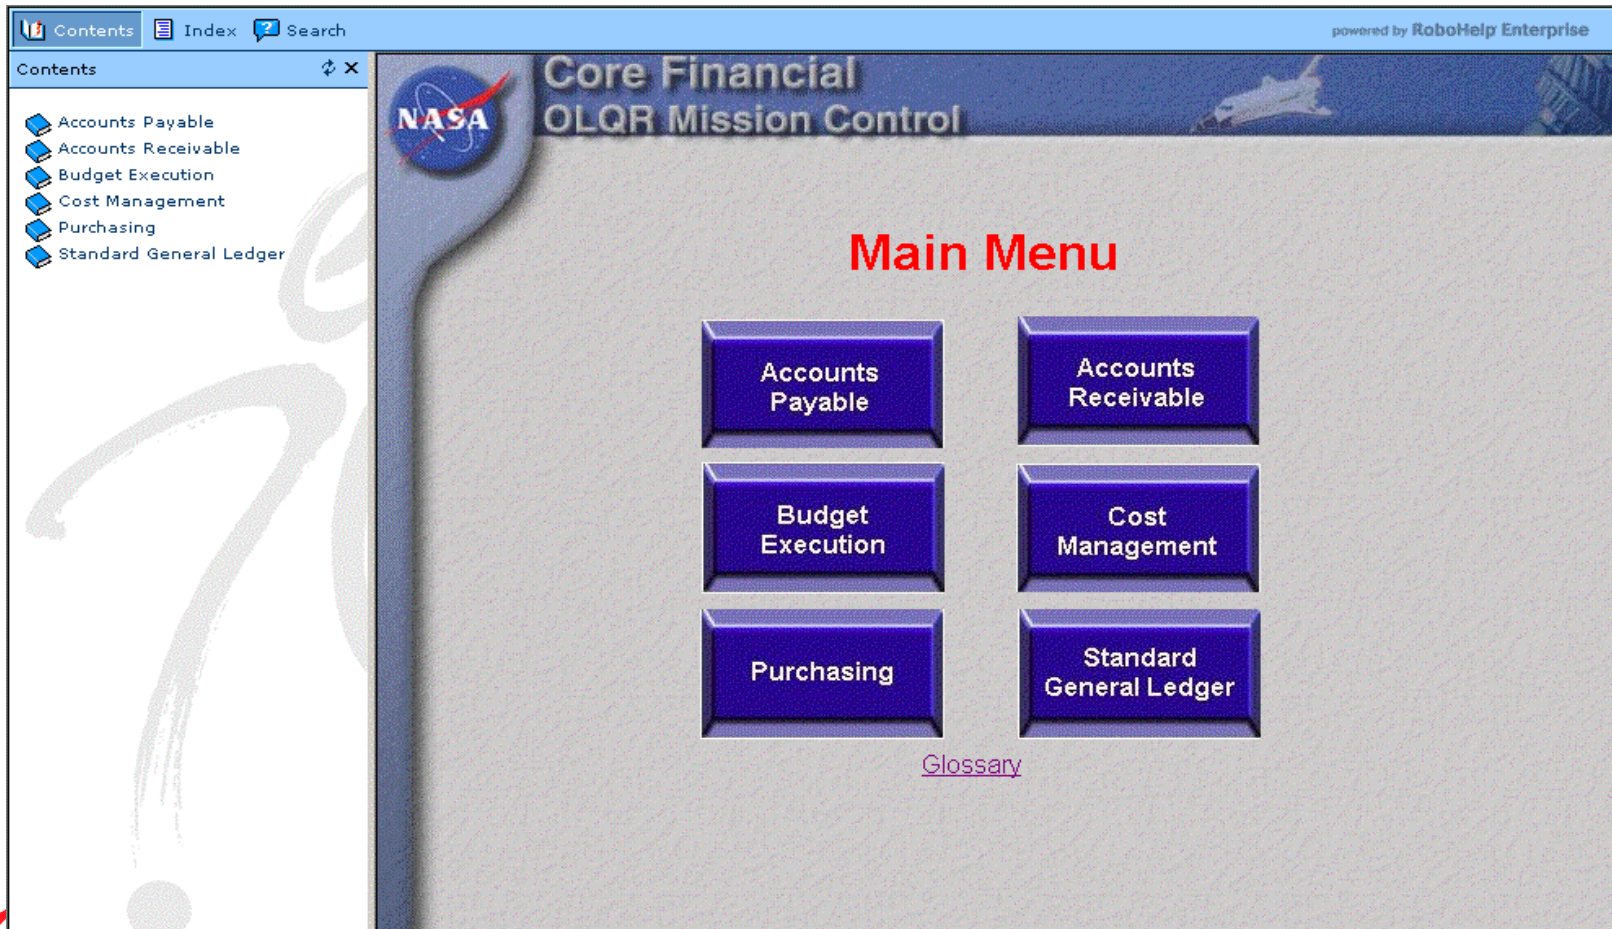

- ↓ Labor

- ↓ Travel

- ↓ Sub-Authorization

Topic Process Flow

Center Level Funds Management

Demonstrations and Exercises Introduction

Demonstrations and Exercises

-
- **Record Authority for Allocations by Commitment Item**
 - **Transfer Pool Authority to Cost Pool Fund Center**

Topic 5 Debrief

- The Center Budget Maintainer transfers Authority at the Center level
 - Records Direct Authority
 - Records Non-Appropriated Authority
 - Records funding redistributions

End of Course Review

Review Objectives & Expectations

Everyone here should now able to:

- ✓ Record and Maintain Agency Appropriation, Apportionment, and Allotments
- ✓ Record and Maintain Budget Authority
- ✓ Redistribute Budget Authority

Available Resources

- SAP Practice Training Instance
- OLQR
- Super-users within each department
- Job Aids

Extra Practice - SAP Training Instance

- Use data from course training guide to practice transactions

The training database provides a “safe” environment to develop and practice skills without affecting production.

Congratulations!
